DEVELOPING SOFT SKILLS
Sunway College Johor Bahru is one of the few private colleges in Johor Bahru with a dedicated unit tasked with organising on-campus events and extra-curricular activities for students. These experiences beyond the classroom help develop the much needed soft skills in our students, providing them a competitive edge.
AUSTRALIAN MATRICULATION (AUSMAT)

AUSMAT is the Year 12 curriculum of Western Australia and is an internationally recognised Pre-University programme. It enables students to obtain the Australian Tertiary Admission Rank (ATAR) qualification for university entrance in Australia, New Zealand, UK, USA, Canada, Russia, Germany, Ireland, Singapore, and private universities in Malaysia. AUSMAT focuses on holistic development in individuals and promotes the value of feedback through continuous assessments.

CAMBRIDGE A-LEVELS

The Cambridge A-Levels is the general certificate of education offered by the University of Cambridge International Examinations (CIE) and is one of the most recognised qualifications around the world. Its emphasis on knowledge, understanding, reasoning ability and skills has been accepted as proof of academic competence for entry into renowned universities worldwide.

MONASH UNIVERSITY FOUNDATION YEAR (MUFY)

MUFY is an academic bridge for students to transition successfully into undergraduate studies at Monash University and other universities. MUFY students who meet the minimum grades receive guaranteed admission into Monash University. This assurance of university placement takes away the pressures associated with university preparation and qualification. MUFY is also recognised by Australian universities, selected UK universities, branch campuses of oversea universities in Malaysia and other local private universities.
DIPLOMA IN BUSINESS ADMINISTRATION

The Diploma in Business Administration provides students with a broad understanding of the various aspects of business. Students are exposed to both the practical as well as the conceptual aspects of business subjects so that they have the option to either join the work-force or to further their studies upon graduation.

DIPLOMA IN INFORMATION TECHNOLOGY

The Diploma in Information Technology paves the foundation for the development of IT professionals to meet the growing needs of the industry. This Diploma is especially suitable for students with strong interest in the technical aspect of IT. Students are also actively engaged in projects and industrial training to increase their employability.

DIPLOMA IN HOTEL MANAGEMENT

CERTIFICATE IN HOTEL OPERATIONS

The Hospitality programmes provide insights into a wide range of hospitality and management subjects to equip students with the expertise needed to embark on a successful career path in the hospitality business. The programme also includes a period of Supervised Work Experience (SWE) in hotel, restaurant or other hospitality properties where students will put their learning into practice. This enables them to gain real-world exposure as well as provide valuable work experience for their curriculum vitae and boost employability.
ACCA QUALIFICATION

The ACCA Qualification provides relevant and up-to-date knowledge, skills and values for finance professionals who are capable of building careers across all sectors.

CERTIFIED ACCOUNTING TECHNICIAN (CAT)

The Certified Accounting Technician qualification provides a solid foundation in finance and accounting – the necessary technical skills and knowledge required to perform an accounting-support role in any type of industry.

BACHELOR OF BUSINESS

The programme aims to equip students with the necessary skills to perform a wide range of job functions in addition to developing a sound business education. Its comprehensive theoretical and practical content aims to help graduates develop the skills to play an integral role within the organisation.

INTENSIVE ENGLISH PROGRAMME (IEP)

The Intensive English Programme comprises of four levels and it equips students with language skills (listening, speaking, reading, writing) for both personal and academic needs at tertiary level. Students are also exposed to research, presentation as well as project-based skills. The learning outcome is maximised with the computer-assisted learning approach and use of the various resources at the Library and Learning Commons.
