IEP does far more than just help me to speak English. Initially I was not confident about communicating in English, but now I can communicate and interact confidently. IEP has very helpful teachers who are always there to assist their students. IEP is able to help students systematically improve their language from one level to another. I'm really glad I joined IEP.

SABAH MOHD FAREA, YEMEN

IEP has really helped me a lot, especially with my writing skills. I am also no longer afraid of doing class presentations. I can speak English more confidently and fluently. On top of that, IEP has a team of great teachers who are willing to help the students even during non-working hours. Thank you, IEP and beloved teachers!
