SUPPORT SERVICES

Sunway College Johor Bahru is one of the few private institutions in Johor with a department dedicated to ensuring that a student is seamlessly guided through the entire college experience; from enrolment and admissions at the Information Centre to their welfare and on-campus student lifestyle, right up to student advancement upon completion of their education with the college through placement support – both for university placement as well as graduate job placement.

Emphasis is placed on providing students with the best possible range of support services in addition to a quality education.

College Essentials

The transition from high school to college and onwards to the workplace thereafter is an experience which many find challenging. This specially designed programme aims to ease this process by providing students with value added knowledge and skills through a series of resource-rich talks, engagement activities and development workshops covering three main phases of the student college experience.

- Learning Support
- Self Development
- Personal Advancement

Placement Support

The Placement Unit supports student advancement upon their completion of studies with the college. These support services facilitate university placement for Pre-University and Diploma students who intend to pursue undergraduate studies as well as graduate job placement for Diploma and Degree students bound for the working world upon completion.

- University application assistance
- Career guidance and advice
- Internship assistance
- Graduate job placement

Our last day at college will always be cherished for the many group photos we took to remember all the silly things we did together. On reflection, I really appreciated the personal consultation sessions with lecturers as it allowed me to learn in a more laid back environment which I found enjoyable – students should really make good use of this opportunity. We were fortunate to have lecturers who were caring but firm, who went out of their way to explain concepts and give us extensive information.

My advice to newly enrolled students is to be diligent with all the work assigned to you – it is very important not to rush nearing due dates! If you focus and manage your time well, there will surely be time for fun.

I CHOSE TO STUDY AT SUNWAY COLLEGE JB DUE TO ITS REPUTATION AND GOOD TRACK RECORD OF TOP ACHIEVERS AND ACADEMIC AWARD RECIPIENTS.

I am especially appreciative for the partial sponsorship by the college, which allowed me the opportunity to attend the Asia World Model United Nations (AWMUN) in Bali, Indonesia.

Studying the VU business degree allowed me to develop a broad understanding of business organisations and provided me with subject-specific knowledge in areas such as marketing, financing, accounting and management. Being well equipped with the essential business skills and knowledge, I saw the limitless range of opportunities in a variety of fields to explore upon graduation.

Through project-based learning, I developed soft skills and a deeper thought and analysis ability for business decision-making. Today, my business partners and I have launched the Oyu and Kaizocool brands, mainly comprising salted egg flavoured snacks of which we are the manufacturer and distributor.

The college lecturers were some of the most hardworking, dedicated, and forgiving in my opinion! One of the main reasons my classmate and I did well for the Monash University Foundation Year was definitely our lecturers' support and assistance.

I will always remember learning programming for the first time and when my classmates and I formed a team, attempting to commercialise our project. Although we did not succeed, it was an important learning experience and I have learnt so much since then.

Our passionate lecturers pushed us to learn beyond what is taught in the books, for more exposure and better career prospects. They were of course, not our favourite then, but we have come to respect and appreciate them now that we have graduated.

EVERY MOMENT SPENT IN SUNWAY COLLEGE JB WAS MEMORABLE AND FRUITFUL.

Apart from my studies, I actively participated in the Accounting Club and Toastmasters Club throughout my 3 years. This changed me at both the personal and professional level as I learnt multiple vital skills such as organisational, leadership, communication skills as well as teamwork.

When we join the workforce, our attitude and personality matters so much more than pure knowledge. Therefore, we need to step out of our comfort zone to take on challenges yet become better listeners rather than just be confident at speaking.
