MESSAGE FROM THE EDITOR

It is with great pride and excitement that I welcome you to this special edition of our college newsletter, commemorating our 20th anniversary. Over the past two decades, our college has grown from a visionary idea into a thriving centre of learning, innovation and community engagement. This milestone is a testament to the dedication, hard work and unwavering commitment of everyone associated with our college.

As we celebrate this remarkable journey, it is important to reflect on the achievements and progress we have made together. From academic excellence to community service and our students' extracurricular accomplishments, our college has continually strived to foster an environment of growth and opportunity for all.

One of the key events highlighting our commitment to community well-being was the forum jointly organised with the Johor Bahru South District Police Headquarters which included a productive dialogue on community safety and engagement. This event provided valuable insights and learning opportunities for our staff and students.

Additionally, our Diploma in Events Management students successfully organised a concert that brought together talents from across the country and even an international act. The event was a resounding success, showcasing the organisational skills and creativity of our students while providing an unforgettable experience for all attendees. Look out for many other stories of what our students have achieved with their sheer grit and determination in the next few pages.

We look forward to the future with a renewed sense of purpose and optimism. The next chapter of our college's history promises to be just as dynamic and impactful as the last. As we continue to innovate and adapt in an ever-changing world, the spirit of collaboration and excellence that has been our hallmark will guide us forward.

I extend my heartfelt gratitude to everyone who has been a part of our college's journey over the past 20 years. Your contributions have been invaluable, and your support has been instrumental in our success. Together, we will continue to build on this strong foundation and create an even brighter future for our college community.

Thank you for being a part of this celebration.
Here's to the next 20 years of excellence and beyond!

"He who wishes to secure the good of others, has already secured his own."

STARTING FROM SCRATCH, SUNWAY COLLEGE JOHOR BAHRU CELEBRATES 20 YEARS OF ESTABLISHMENT!

In 2004, the Sunway Education brand made its way south and Sunway College Johor Bahru opened its doors with a mission to educate young minds, primarily from within the state of Johor. This year, the college celebrates a remarkable milestone, aptly themed 'Two Decades of Excellence - Building Dreams, Shaping Futures.'

Our journey began in late 2004 from a temporary city campus at JOTIC while construction of the purpose-built campus was on-going. With a clear vision for the future, the move to our current campus in Taman Mount Austin took place in 2005 and have never looked back! From the early days, Sunway College Johor Bahru has grown by leaps and bounds, not just in student population but in every way imaginable.

- *From a single building block in 2005 to the current 3-block facility including the on-campus residence.*
- *From offering 1 external qualification and 1 home-grown diploma programme to 3 international pre-university qualifications, 12 home-grown programmes and the only Australian twinning business degree in Johor.*
- *From our first ACCA-CAT Malaysia prize award in 2005 to 240 academic awards achieved by our students to-date.*

Our journey of growth is dotted with significant milestones: being one of the first private colleges in Johor Bahru with a purpose-built campus, expanding our on-campus accommodation facilities with the Sunway College Residence (hostel) and the addition of a new academic block to cater to our ever-growing student body. More importantly, the Covid-19 pandemic which brought the entire world to a standstill posed an unprecedented challenge. Working together with a common determination to not allow the restrictions imposed to affect the progress of students' learning, our academic team met the challenges head-on, rising above all constraints to deliver classes and conduct assessments remotely in addition to a massive out-of-the box Lab at Home initiative by the Pre-university programmes.

Celebrating our 20 years of presence in Johor, called for a different approach. Embracing our theme, the management and staff decided to bring the celebrations to the heart of the community with a massive 7-district education roadshow! With the endorsement and support of the Johor State Education Department (JPNJ) and in collaboration with Eduplay, our roadshow spanned several Sundays, taking us to districts of Pontian, Kluang and Batu Pahat while three days of on-campus roadshows, welcomed school teachers and students from Johor Bahru, Pasir Gudang, Kulai and Kota Tinggi districts.

This incredible outreach effort engaged over 3,500 students and 400 school counsellors over six weeks! Each academic department showcased their best, ensuring hands-on discovery and experiential learning opportunities for all attendees. It was a celebration of learning, growth and community spirit.

Check out the Anniversary Education Roadshow highlights [here!](#)

Over these 20 years, we've created countless memories, established new connections, and positively impacted many young minds. This anniversary is not just a look back at our achievements but a launchpad for future endeavours. The success of our roadshow and

other initiatives will undoubtedly inspire similar projects, fostering growth, innovation and deeper community engagement.

Here's to 20 years of excellence and to many more years of inspiring to come! As we continue to strive for excellence, we extend our sincere and heartfelt thanks to everyone who has been part of this incredible journey. Happy 20th birthday, Sunway College Johor Bahru! Here's to many more years of excellence and in helping to make dreams a reality.
