These are areas where more than 40 Covid-19 cases have been reported.

3. SEG is guided by the various guidelines and instructions issued by the Malaysian Government, health and education authorities and we will endeavour to provide updates from time to time.
 - 3.1 Except for students and staff affected by the CMCO, the campus will continue to be operational, subject to strict adherence to set safety & health SOPs in order to minimize risk on our campuses.
 - 3.2 We will continue to commit towards ensuring the safety of our campuses from Covid-19 and urge all students, staff and visitors to comply with our SOPs to stay away from our campuses and premises if unwell, apply good hygiene practices, keep safe physical distancing and wear your facemasks properly at all times.

We wish our colleagues and students affected by the CMCO safety and wellness and urge us all to be responsible and do our part to support our nation to flatten the curve while we continue to coexist with the threat of the coronavirus in our midst.
