Malaysian Students: Returning Home during MCO

Dear Students and Members of the Sunway Education Group (SEG) community,

1. With the extension of the MCO to 12 May 2020, we are currently working very closely with the Ministry of Higher Education Malaysia to assess the situation and identify strategies to enable our Malaysian students to return to their respective homes during this period. We encourage that all Malaysian students who desire to return home during this period to register using this link: <https://iptpulang.malaysia.gov.my/kpt/>. **The deadline for applications is tonight: 11.59pm, 29 April 2020.**
2. In a statement dated 27 April 2020, the Ministry of Higher Education Malaysia informed that travel was only allowed between green zones across Malaysia. Based on the latest information from the Ministry of Health Malaysia, 6 out of the 9 districts in the state of Selangor is categorised as red zones. The district of Petaling, in which Bandar Sunway is located, is currently identified as a red zone. (For updates on the risk status of districts across Malaysia, you may visit: <https://t.me/s/MKNRasmj> or <https://twitter.com/KKMPutrajaya>). Due to this red zone classification, as instructed by the authorities, movement within the Klang Valley and interstate is restricted. We will update you of any changes to the current situation as well new directives from the authorities.
3. The health and safety of our students remain our top priority. We urge that you remain patient as we await further advice and updates from the relevant authorities. In the meantime, should you have any further enquiries, kindly email us at Student LIFE - sle@sunway.edu.my.
4. We also encourage you to continue to leverage on our support resources to maintain your health, both physically and emotionally.
