I am very proud to say that I am one of the pioneer students at Sunway College @Velocity. Although it is a new extended premises, it provides the same environment and college life as other colleges. I came to know of this college as it is well recognised for its accounting course which I am currently enrolled in. The friendly lecturers who always provide caring support made my journey here memorable. As the size of the class is small, the lecturers gave us undivided attention. Besides gaining knowledge and skills, I have had the opportunity to meet with new people through events. Sunway College @Velocity should be the preferred choice for everyone who wants a peaceful learning environment. The study spaces at the Student Hub allowed us to discuss assignments with group members. All in all, Sunway College @Velocity is a place full of opportunities where you are given a chance to sharpen your skills and build your character.
